

STUDHOLME MEDICAL CENTRE

Private Medical Appointments

'DNA' (Did not attend) Policy

Name:

Date of birth:

Studholme Medical Centre offer specific appointments for patients to attend for a private medical. These appointments are offered as an additional service to our NHS appointment system, and are bookable in advance. These appointments are in short demand, and non attendance results in considerable lost time incurred by the GP, in a very busy and demanding environment.

Patients who fail to attend for their appointments, and do not inform the practice incur significant inconvenience not only to the practice but to other patients also. The practice is committed to providing these appointments to meet the needs of patients, and cannot replace lost appointments due to failure to attend.

Please remember, that if you no longer require the appointment, or are unable to attend, please ring the surgery on 01784 424590, to cancel, or rebook if appropriate. Failure to comply with this will incur a penalty charge of £50.

Your co-operation and understanding in this matter is very much appreciated.

Please can you sign below acceptance our terms and conditions.

I accept the above terms and conditions highlighted above:
